

FIVE SENSES
lodge

FACTSHEET

Five Senses Lodge,
Tsiandamba, Toliara, Madagascar.

t + 261 32 98 447 39
info@fivesenseslodge.com

Location

Situated on the south east coast of Madagascar, 100 km north of Toliara. Our Eco Lodge is located 4 km north from the village locally known as Tsiandamba. Natural site with breath taking view, this region hosts the third greatest coral reef in a wide lagoon curling around 200 km of coastline.

Environment & Weather

The Eco Lodge Five Senses, tucked away from civilisation, on the magnificent and wild south-west coast of Madagascar, gives meaning to the concept of exclusivity.

We are surrounded by:

1. A dry deciduous forest made of palisandre trees, baobabs and other plants endemic to Madagascar
2. Beautiful beaches

Madagascar's west coast enjoys sunshine almost all year round.

Accommodation

Our rooms, spacious and bathed in light, are positioned in such a way to protect your privacy. Facing the most beautiful lagoon of Madagascar, they benefit from a unique view. The Lodge consists of a set of seven villas.

Each villa has a large terrace overlooking the sea and a spacious bedroom. Bath room equipped with shower and private toilets.

Technical sheet:

- Size : 56 m²(x4) | 80 m²(x2) | 96 m² | 127 m²
- Type(s) of bed(s) : king size | Twin beds
- Bath room equipped with shower, an exterior bathtub facing the sea (Vanille villa only), and private toilets – Room with terrace, equipped with a dock station for iPod, desk, and safe.

Gastronomy

The Flavour Of Exotic Fruits, The Perfume Of Spices: A Cocktail Of Sensations

The restaurant Five Senses offers quality food. The dishes concocted are of Mediterranean and Malagasy inspiration. They vary with produce available at each and every season.

A few Malagasy dishes are offered as option for those who wish to taste the excellent local specialties.

The breakfast plate offers a large selection, ranging from fresh seasonal fruits and yoghurts, to continental or English breakfast. For lunch, a menu with various dishes is proposed. All the meals are served seated and the menu changes every day.

For dinner, two choices are proposed for starters, the main dish and the dessert.

Communication and Power supply

All the rooms have electricity, furnished by our solar installation, equipped with European electrical outlets of 220V.

Disabled facilities

One of the villas, close to the main dining and recreational area, is suitable for guests with limited mobility.

La Fondation Dunes de Mer

To enable Vezo to continue living on the resources of the lagoon, the preservation of the site and its ecosystem be it nature, human and cultural, should be addressed immediately. Throughout encounters and conversations with the local population, important needs have emerged, notably linked to natural resources, education, health and protection of nature.

In perfect harmony with the populations, the Foundation offers to develop on site a singular and reasonable project, likely to enhance and promote the natural and cultural wealth of the site. Improving the living conditions of these populations by the creation of a dispensary is the first priority.
