Coastal trip in Dhow

Departure from Five Senses Lodge 8.30am: A 3-hour dhow ride along the magnificent southwest coast of Madagascar. Enjoy the ultimate adventure while traveling around pristine beaches. On board, be a pirate or imitate Robinson Crusoe to the rhythm of the sun, the wind and the sea.

11.30am: Picnic organised by Five Senses Lodge at Reve et Nature, the ideal exquisite location. Get ready to be fully immersed and mesmerized by the 100% natural wonders of this secret place, closed at high tide. Swimming is a must (with or without swimwear).

2pm: Return to Five Senses Lodge by 4x4, passing by the small forest of baobabs and the more stout variety of *Adansonia grandidieri*. Their colours and their strangest shapes, in the midst of didiéracées (large thorny plants, endemic to Madagascar, nicknamed the “cactus of the One World”) are a real enchantment.

4.30pm: Arrival at the hotel for a sundowner snack.

NB:

- The sea trip is done in authentic dhow (handmade in Morombe shipyard, property of Five Senses Lodge).
- The picnic will be done on the dhow (if low tide) and on the beach at Reve et Nature (if high tide).
- The return trip is by 4x4.
- The excursion is possible in all seasons (depending on tide and wind).
- The schedules indicated for this excursion are estimated and therefore variable.
